- Anti-parasitic
- Anti-fungal
- Antioxidant

How Grape Seed Extract works?

- It works by destroying the cell membranes of bacteria, fungi, parasites & viruses making them unable to replicate in the body.
- Unlike antibiotics (which kill off all bacteria good and bad), GSE only targets the bad bacteria and microorganisms.
- It is beneficial when used externally for parasites and bacterial and fungal infections, and helps fight the same infections when used internally. It is also rich in vitamin C and E and serves as a detoxifier and immune booster.

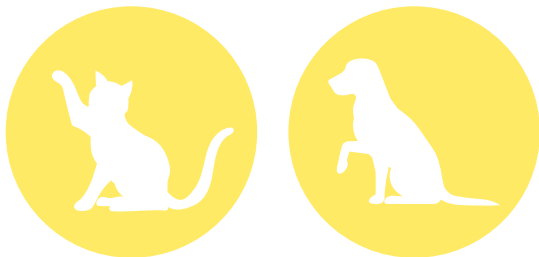

Benefits of PEPTOMINO

- Improves appetite & physiological activity
- Promotes nutritional efficacy of the diet
- Improves growth & bone strength in young animals
- Ensures betterment of health
