

# PETMINO GEL

## Powerful Amino Acids for Dogs & Cats

Proteins are complex molecules made up of amino acids, the building blocks of cell growth, maintenance and repair. Amino acids, which are produced by the breakdown of dietary proteins in the digestive tract, play a role in synthesis of proteins needed to build and repair organs and tissues, transport molecules, send messages from one organ to another (hormones) and help combat disease (antibodies).

Animals have amino acid requirements rather than intact protein requirements, which has been demonstrated in studies in which dogs and cats have been sustained on diets containing only purified amino acids in required amounts. Dogs, cats and even humans produce about half of these amino acids internally, the other half, termed “essential amino acids,” need to be provided by the diet.

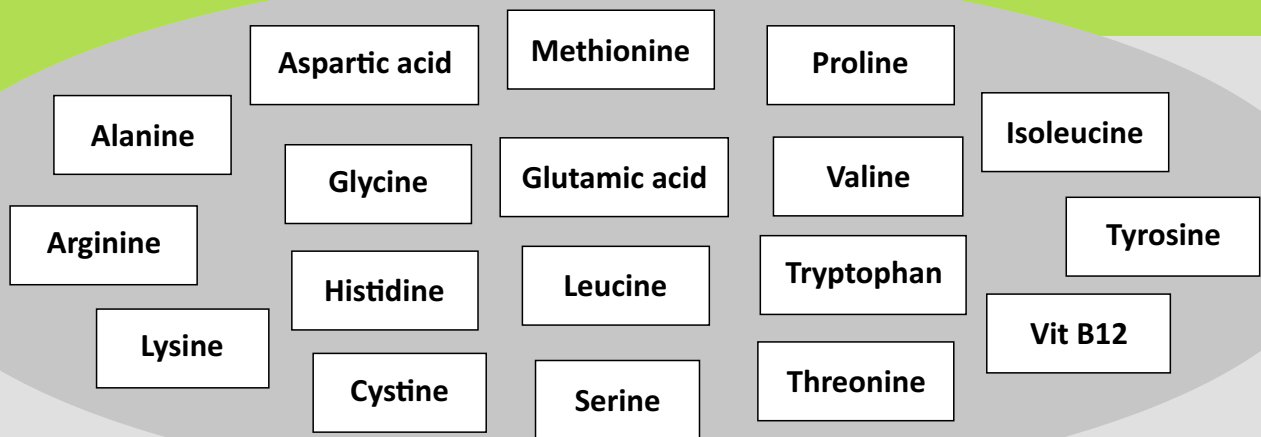

Some physiological conditions require more protein than others; for example growth, gestation, lactation or physical activities are demanding in terms of protein utilization. Processes such as nitrogenous waste elimination and hemoglobin synthesis will be disrupted in deficient adult animals.

The absence of any of the essential amino acids from the diet stops the synthesis of essential proteins. Under these conditions, the animal then breaks down body tissue to provide the required amino acids, seriously compromising health.

**PETMINO GEL offers the essential amino acids to ensure healthy physiological function, growth of kittens and puppies and to enhance the liver functions.**

### Benefits & Advantages

- Involve in the formation of skin cells and tissue building
- Helps to assist in the synthesis of hormones & enzymes
- Provides energy and keep the immune system strong
- Improves appetite and feed intake
- Prevent the occurrence of hepatic disorders
- Improves hemoglobin synthesis and eliminates ammonia

**Recommended Usage Levels:** 3 to 4 gm per kg daily  
(Double the dose in severe cases)

**Presentation:** 100 gram pouch

Free From Hormones & Antibiotics

Animal Feed Supplement

Not For Medicinal use

Not For Human Use

**Catalyst LifeSciences Pvt. Ltd.**

An ISO 9001:2015, ISO 14001:2015, HACCP Compliance Certified Company

Corporate Office: # 5, 301, 3rd Floor, Greenwood Plaza, Sector 45, Gurugram - 122003, Haryana

Customer care #: +91 892 988 1235; Email: support@catalystlifesciences.in

**DISPOSAL OF BAD AND OUTER PACKAGE:** Do not contaminate water, food or feed by storage and disposal. Completely empty container into application equipment. Triple rinse pail and offer for recycling or reconditioning. Containers can also be disposed of in a sanitary landfill or by incineration, or in accordance with guidance from your local waste regulation authority, such as by burning (if burned, stay out of smoke). When applying this product to water bodies, avoid solid particles from falling on nearby ground where birds and feed may be present.
